FOUNDER BIO

A life built from alignment, not sacrifice.

Leimomi Axea Keliikuli is a Native Hawaiian founder, speaker, healer and Soul Gift + Methodology Architect. She helps established coaches, healers, therapists and purpose-driven leaders recognize the deeper architecture of their gifts, develop original bodies of work and build success that supports their health, family, freedom and legacy.

After nine years managing yoga, meditation and healing centers, Leimomi launched her online business in 2016, served 60+ private clients and built a six-figure business in under a year. She later founded Being Alohi Academy, trained leaders through LeimomiTV, and developed the Soul Alignment Blueprint after recognizing recurring patterns across roughly 400 strategy conversations.

In 2018, Leimomi and her family sold nearly everything in Hawaii and began full-time travel and worldschooling. Their journey has now spanned 28 countries. Today, Koa Life brings her work in healing, wellness, entrepreneurship, leadership, experiences, family and legacy into one interconnected ecosystem.
